

GET STARTED WITH DEGREED.

Welcome to [Degreed](#), your one place to discover, curate, track and share all of your learning.

Follow these steps to log into Degreed to access and build your profile:

1. Use your email address and enter the ATD Austin temporary passcode: Welcome1! (first-use only). The system will have you customize your passcode.
2. Watch the overview tour and setup your profile - add your TiVo profile picture, create a short bio and select learning topics to help make Degreed personalized to you
3. Go to the **Browse** tab at the top left of your screen and you will notice the Introduction to Degreed for ATD Austin Pathway. A pathway is a grouping of courses, articles and videos to help you learn about a specific topic. Click on the box to explore the pathway and complete a few of the articles and videos you find.
4. Select the **External Resources** section (top right in **Browse** tab) and search for a topic that you are especially interested in. You will notice hundreds or even thousands of results for many topics and you can filter them to find the perfect one!
5. Click on the links below to ensure you have access anywhere you go!
