## Career Transition SIG on Wednesday

Looking for a way to help your New Year's Resolutions stick? Check out [this week's Career Transition SIG](#) and learn a different approach called "FTS"! You will learn from our speaker, Melissa Victor Totah, how to break the cycle of self-sabotage and make lasting shifts throughout 2016 and beyond.

Remember the start times for the SIGs have changed to 6-7:30 PM, in an effort to help people navigate Austin's traffic. We hope to see you there!

## January Events

---

**[January 13](#)**: 6:00-7:30 PM (new time!): Career Transition SIG - Long-Term Success for New Year Resolutions

Do New Year's Resolutions ever last past February? Maybe it's time to break the cycle and try a different approach!

**[January 26](#)**: 6:00-7:30 PM (new time!): Design and Delivery Forum - the Flipped Classroom

The flipped classroom reverses the typical lecture and homework elements of a course so that students watch lectures at home and work on "homework" in class! But does it always make sense to flip in the corporate world? In this forum we will explore the pros and cons of this format, review the structure and look at different models, and learn how to address technology gaps.

## February Events

**February 10:** 6:00-7:30 PM: Career Transition SIG - The Job of my Dreams in 50 Days

Can you imagine the perfect job? Come hear how Jeff Clark created and sold a job around his special talents. We will learn how to keep sharpening our job targets, direct an interview toward our special talents, create the perfect job, and more!

**February 23:** 6:00-7:30 PM: Learning Technologies SIG

The Learning Technologies SIG presents the latest developments in blended and technical learning, instructional design, eLearning and educational technology.

Find out more information about our different types of SIGs on our [website!](#)
